

Selva

A collection based on softness and comfort. The curved shapes welcome you to relax. Thanks to a new production technic, the structure of the chair is totally covered by a very smooth and warm ATEJA sling.

Materials: Teak Duratek® finish with no maintenance, Ateja sling and cushions, White wash concrete HPL.

Maintenance: The Duratek® doesn't need maintenance, it can stay outside all year long, just like the Ateja sling chairs. Cushions are water repellent, but need to be stored in winter. It is advisable to clean up the table HPL tops after each meal. Do not use abrasive products to clean Duratek®/frames.
